19 – 21 November 2025

Bombay Exhibition Center
Mumbai

FUNCTION.

FUTURE.

TEXPERTISE
the textile business network

10 glorious editions of imbibing innovations in the fibre of Indian technical textiles

Techtextil India, the most premium trade fair for the technical textile and nonwoven industry of the Indian subcontinent will feature its glorious 10th edition in 2025.

Strengthening its position as an industry influencer, this B2B platform has successfully bridged the gap between its manufacturers, resellers and buyers from 12+ industries.

This is “the platform” to advance your company’s technological innovations, develop unparalleled networking opportunities and explore new markets that will match your company’s long term vision.

Exhibitors recommend participating in this trade fair

Bridging the gap between innovations and sourcing

- Exhibit innovations in filtration and masterbatches on the show floor
- Display end-to-end solutions ideal for 12 application areas
- Conduct business interactions with domestic and international buyers
- Bring forth the best in medical textiles with a dedicated pavilion - Meditex™
- Network with key attendees from seminars on emerging topics such as geotextiles

Indian technical textile industry: a USD 22 billion market*

India has the fifth largest technical textiles market in the world

Technical textiles receives government impetus from agriculture, water resources, road and railways, health, home and family welfare ministries

Geogrids, Geotextiles, Agricultural textiles, Medical textiles and Protective textiles are likely to be in high demand in the near future

2023 edition: a resounding success

Growing momentarily in a tightly knit community since two decades

Exhibitors share their experience

Techtextil India is a great show! It has been very good for us where we have had very good meetings with some prospective and existing customers. I think it's the right kind of platform for the technical textile industry to showcase their offerings and network with the industry.

Kiran Warriar,
SBU head, Welspun
Advanced Textiles

It's been a very interesting experience for us with so many discussions, leads and new business opportunities. Techtextil India is where you will find quality buyers and I would recommend this expo to any company irrespective of their business scale. The event has been very seamless and we're very grateful to be involved in this event. We'll definitely be back at Techtextil India 2025!

Shivani Swamy, Global Sales
and Business Development,
Livinguard

We've received a great response at the exhibition. We've received fabricators, professionals looking for new kinds of applications and garment manufacturers. Techtextil India is a good platform to create awareness and promote its applications in India. We would definitely be considering exhibiting in the future.

Prasanna Joshi, Joint President &
Global Head - Technical Textiles,
Aditya Birla Group

A focused hub for new technologies and key buyers

Visitors from 12 application areas in 2023

Visitors were most interested in these products in 2023
